PROJECT
TITLE : Regional Feedstock Partnership

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.

Rational for determination:

Funds from DOE will be used to support Regional Feedstock Partnership (RFP) in the coordination of the Sun Grant Initiative leadership in RFP teams. Funds will be used to support planning and program development, coordination, communication and outreach to the broader university community, and coordination and outreach to public and private stakeholders about the RFP. All work associated with this project will be done indoors on personal computers and via telephonic meetings, thus presenting no additional environmental risks.

This project comprises information gathering and coordination and can therefore be classified under CX A9.
